An example of our work

Our client

- sent us an email when she was stressed about her second pregnancy
- came in for a one off appointment
- received a baby bundle in preparation for the birth of her child
- raised concerns about housing, mental health and family violence
- was assessed and supported through a ChildFirst referral process within Caroline Chisholm to be placed with one of our social workers
- is now visited regularly and supported to plan and achieve goals for their family

We can only do our work
with the support of our
donors and volunteers
here in the Moonee Valley.

Thank you!
